

# SCORES THE KAISER

PRESIDENT SAYS MILITARY MASTERS DENIED U. S. RIGHT TO BE NEUTRAL

## FILLED COUNTRY WITH SPIES

Failed in Attempt to Spread Sedition—German People in Grip of Same Sinister Power That Has Drawn Blood From Us.

Washington, June 15.—President Wilson in a flag day address delivered here on Thursday declared that we were forced into the world-wide war by the extraordinary insults and aggressions of the military masters of Germany.

The president's address in part is as follows: My Fellow Citizens: We meet to celebrate Flag Day because this flag which we honor and under which we serve is the emblem of our unity, our power, our thought and purpose as a nation. It has no other character than that which we give it from generation to generation. The choices are ours. It floats in majestic silence above the hosts that execute those choices whether in peace or in war. And yet, though silent, it speaks to us and speaks to us of the past, of the men and women who went before us and of the records they wrote upon it. We celebrate the day of its birth; and from its birth until now it has witnessed a great history, has floated on high the symbol of great events, of a great plan of life worked out by a great people. We are about to carry it into battle, to lift it where it will draw the fire of our enemies. We are about to bid thousands, hundreds of thousands, it may be millions of our men, the young, the strong, the capable men of the nation, to go forth and die beneath it on fields of blood far away—for what? For some unaccounted thing? For something for which it has never sought the fire before? American armies were never before sent across the seas. Why are they sent now? For some new purpose, for which this great flag has never been carried before, or for some old, familiar, heroic purpose for which it has seen men, its own men, die on every battlefield upon which Americans have borne arms since the Revolution?

These are questions which must be answered. We are Americans. We in our turn serve America, and can serve her with no private purpose. We must use her flag as she has always used it. We are accountable at the bar of history and must plead in utter frankness what purpose it is we seek to serve.

United States Forced Into War. It is plain enough how we were forced into the war. The extraordinary insults and aggressions of the imperial German government left us no self-respecting choice but to take up arms in defense of our rights as a free people and of our honor as a sovereign government. The military masters of Germany denied us the right to be neutral. They filled our unsuspecting communities with vicious spies and conspirators and sought to corrupt the opinion of our people in their own behalf. When they found that they could not do that, their agents diligently spread sedition amongst us and sought to draw our own citizens from their allegiance, and some of those agents were men connected with the official embassy of the German government itself here in our own capital. They sought by violence to destroy our industries and arrest our commerce. They tried to incite Mexico to take up arms against us and to draw Japan into a hostile alliance with her—and that, not by indirection, but by direct suggestion from the foreign office in Berlin. They impudently denied us the use of the high seas and repeatedly executed their threat that they would send to their death any of our people who ventured to approach the coasts of Europe. And many of our own people were corrupted. Men began to look upon their own neighbors with suspicion and to wonder in their hot resentment and surprise whether there was any community in which hostile intrigue did not lurk. What great nation in such circumstances would not have taken up arms? Much as we had desired peace, it was denied us, and not of our own choice. This flag under which we serve would have been dishonored had we withheld our hand.

No Enmity Toward German People. But that is only part of the story. We know now as clearly as we knew before we were ourselves engaged that we are not enemies of the German people and that they are not our enemies. They did not originate or desire this hideous war or wish that we should be drawn into it; and we are vaguely conscious that we are fighting their cause, as they will some day see it, as well as our own. They are themselves in the grip of the same sinister power that has now at last stretched its ugly talons out and drawn blood from us. The whole world is in the grip of that power and is trying out the great battle which shall determine whether it is to be brought under its mastery or fling itself free.

The war was begun by the military masters of Germany, who proved to be also the masters of Austria-Hungary. These men have never regarded nations as peoples, men, women, and children of like blood and frame as themselves, for whom governments existed and in whom governments had their life. They have regarded them merely as serviceable organizations which they could by force of intrigue bend or corrupt to their own purpose.

ARMIES TO WORK AS UNIT. Plan Which It Is Believed Will Add Effectiveness to Forces of the Allied Powers.

Washington, June 15.—An international army staff and international navy staff for co-ordination of military and naval operations will be created by the allied powers.

The organization of such bodies is deemed absolutely essential if the allies are to win the war. The nations

They have regarded the smaller states in particular, and the peoples who could be overwhelmed by force, as their natural tools and instruments of domination. Their purpose has long been avowed.

The demands made by Austria upon Serbia were a mere single step in a plan which compassed Europe and Asia, from Berlin to Bagdad. They hoped those demands might not arouse Europe, but they meant to press them whether they did or not, for they thought themselves ready for the final issue of arms.

Vast Empire Planned. Their plan was to throw a broad belt of German military power and political control across the very center of Europe and beyond the Mediterranean into the heart of Asia; and Austria-Hungary was to be as much their tool and pawn as Serbia or Bulgaria or Turkey or the ponderous states of the East. The dream had its heart at Berlin. It could have had a heart nowhere else! It rejected the idea of solidarity of race entirely. The choice of peoples played no part in it at all. They ardently desired to direct their own affairs, would be satisfied only by undisputed independence. They could be kept quiet only by the presence or the constant threat of armed men. The German military statesmen had reckoned with all that and were ready to deal with it in their own way.

And they have actually carried the greater part of that amazing plan into execution! Look how things stand. Austria is at their mercy. It has acted, not upon its own initiative or upon the choice of its own people, but at Berlin's dictation ever since the war began. Its people now desire peace, but cannot have it until leave is granted from Berlin. The so-called central powers are in fact but a single power. Serbia is at its mercy, should its hands be for a moment freed. From Hamburg to the Persian gulf the net is spread.

Why Berlin Seeks Peace. Is it not easy to understand the eagerness for peace that has been manifested from Berlin ever since the snare was set and sprung? Peace, peace, peace has been the talk of her foreign office for now a year and more; not peace upon her own initiative, but upon the initiative of the nations over which she now deems herself to hold the advantage. Through all sorts of channels it has come to me, and in all sorts of guises, but never with the terms disclosed which the German government would be willing to accept. That government still holds a valuable part of France, though with slowly relaxing grasp, and practically the whole of Belgium. It cannot go further; it dare not go back. It wishes to close its bargain before it is too late and it has little left to offer for the pound of flesh it will demand.

The military masters whom Germany is bleeding see very clearly to what point Fate has brought them. If they fall back or are forced back an inch, their power both abroad and at home will fall to pieces like a house of cards. If they can secure peace now with the immense advantages still in their hands which they have up to this point apparently gained, they will have justified themselves before the German people; they will have gained by force what they promised to gain by it; an immense expansion of German power, an immense enlargement of German industrial and commercial opportunities. If they fail, their people will thrust them aside; a government accountable to the people themselves will be set up in Germany as it has been in England, in the United States, in France, and in all the great countries of the modern time except Germany. If they succeed they are safe and Germany and the world are undone; if they fail Germany is saved and the world will be at peace. If they succeed, we and all the rest of the world must remain armed, as they will remain, and must make ready for the next step of aggression; if they fail, the world may unite for peace, and Germany may be of the union.

Seek to Deceive World. The present particular aim of the masters of Germany is to deceive all those who throughout the world stand for the rights of peoples and the self-government of nations; for they see what immense strength the forces of justice and of liberalism are gathering out of this war.

The sinister intrigue is being no less actively conducted in this country than in Russia and in every country in Europe to which the agents and dupes of the imperial German government can get access.

United States in War for Freedom. The great fact that stands out above all the rest is that this is a People's war, a war for freedom and justice and self-government amongst all the nations of the world, a war to make the world safe for the peoples who live in it and have made it their own, the German people themselves included; and that with us rests the choice to break through all these hypocrisies and patent cheats and masks of brute force and help set the world free, or else stand aside and let it be dominated a long age through by sheer weight of arms and the arbitrary choices of self-constituted masters, by the nation which can maintain the biggest armies and the most irresistible armaments—a power to which the world has afforded no parallel and in the face of which political freedom must wither and perish.

For us there is but one choice. We have made it. We be to the man or group of men that seeks to stand in our way in this day of high resolution when every principle we hold dearest is to be vindicated and made secure for the salvation of the nations. We are ready to plead at the bar of history, and our flag shall wear a new luster.

fighting in league with Germany have practically surrendered their independence to Berlin.

It is at the German headquarters that the moves are planned, not only for the German fronts but for the Italian battlefields, the Balkans, Asia Minor and Persia. This unity of command has resulted in movements to hold vast bodies of enemy troops while a strenuous forward campaign was being conducted elsewhere. This scheme, it is felt, must now be put in force by the allies.

New Peace Meeting Unlikely. Petrograd.—The semi-official news agency says it understands the conference at Stockholm proposed by the Council of Soldiers' and Workmen's Delegates is encountering serious technical and political difficulties.

20,000 Destitute in San Salvador. Washington, D. C.—At least 20,000 persons are in the streets and parks of San Salvador, made destitute and without food and shelter by the earthquake and volcanic eruption. Much suffering is in store.

Bond Reduced in Draft Case. Kansas City, Mo.—Nine persons, indicted for alleged anti-conscription conspiracies, were arraigned in the federal court here and their bonds were reduced from \$5,000 to \$2,500.

200 Blackers Held in Chicago. Chicago, Ill.—Nearly 200 young men of registrable age were picked up by the police charged with being slackers. About half of these were arrested in South Chicago, while the remainder were taken in various parts of the city.

Petrolite Crew Safe. Washington, D. C.—Fourteen members of the company of the American tanker Petrolite sunk by a German submarine have reached land. It was announced at the state department.

\$25,000,000 More Loan to Britain. Washington, D. C.—An additional \$25,000,000 was loaned by the government to Great Britain, bringing the total British loan up to \$600,000,000, and the total for all the allies up to \$948,000,000.

Christ Actor Called to War. Copenhagen.—Anton Lang, the "Christ" of Oberammergau's Passion Play, has been called to the colors, according to a dispatch to the Berlin Tagblatt from Augsburg, Bavaria.

# OVERSUBSCRIBE "LIBERTY" LOAN

NOW ESTIMATE THAT SUBSCRIPTIONS WILL REACH THREE BILLION DOLLARS.

## A TRIUMPH FOR DEMOCRACY

Only Three Districts Fall Behind. Bums Set Aside for Disposition—Tremendous Demand for "Baby Bonds."

Washington, D. C.—Secretary of the Treasury McAdoo announced that the Liberty loan had been oversubscribed. He did not give totals, but it was estimated by treasury officials that the subscriptions would run from \$500,000,000 to \$1,000,000,000 over the \$2,000,000,000 called for.

\$2,862,800,000 Guess. Estimates from the 12 reserve districts, some of them unofficial, but mostly from local loan committees, indicated that the subscriptions might reach \$2,862,800,000. These estimates which were not vouched for as authoritative by the treasury department, follow:

New York, \$1,200,000,000, with the certainty that the offering would far exceed \$1,000,000,000.  
Boston, \$263,300,000.  
Philadelphia, \$200,000,000. The compilation was \$165,000,000.  
Cleveland, \$284,000,000, estimated by the chairman of the local committee.

Richmond more than \$100,000,000.  
Atlanta, \$52,593,800, estimated, with \$38,000,000 tabulated.  
Chicago, \$325,000,000, with \$290,000,000 tabulated.  
St. Louis, \$90,000,000, estimated upon returns to the federal reserve bank.

Kansas City, \$90,000,000, estimated by the federal reserve bank.  
Dallas, \$47,000,000, estimated by the federal reserve bank.  
San Francisco, \$160,000,000, estimated by federal reserve bank.

Three Districts Behind. On the face of these estimates it appeared unlikely that the total would fall below \$2,500,000,000. It also appeared that three reserve districts, Atlanta, Kansas City and Minneapolis, would fall below their minimum allotment.

Big Demand for "Baby" Bonds. Districts in which are located the great industrial plants of the country reflected a tremendous demand for the so-called "baby" bonds. The total number of subscriptions to all denominations, it is estimated, will exceed 2,500,000, ten times the number in the entire nation who hold securities of any other sort.

## KAISER TO HELP CONSTANTINE

Says Deposed King Will Be Restored, and in Meantime Invites Him to Germany.

Berne.—A telegram received from Berlin says Emperor William has addressed the following message to one of the Greek diplomatic representatives abroad for transmission to former King Constantine:

"I have heard with wrath of the infamous outrage committed by our common enemies upon you and your dynasty. I assure you that your deprivation can be only temporary. The mailed fist of Germany, with further aid from Almighty God, will restore you to your throne, of which no man by right can rob you. The armies of Germany and Germany's allies will wreak vengeance on those who have dared so insolently to lay their criminal hands on you. We hope to welcome you in Germany at the earliest opportunity. A thousand cordial greetings from."

"YOUR WILLIAM."

## SPAIN NEARING REVOLUTION

Absence of News From Peninsular Indicates That Something Is to Happen.

London, Eng.—Rumors of a serious revolutionary movement in Spain are given prominence in a section of the press. There has been an almost complete absence of news from the peninsula since the appointment of the new ministry.

Rumors of something abnormal in the Spanish situation have been given prominence in the last two or three days in a small section of the press, and yesterday several papers printed articles declaring that something is happening. One suggestion is that a movement to bring Spain into the war is materializing, but the little information available is to the effect that the crisis is purely a domestic one and largely due to the demand for reforms by the rank and file of the army.

Indicted as German Agent. Fort Smith, Ark.—An indictment charging Robert Schmidt with "seducing information for the imperial German government" while he was traveling around the country in the "disguise of a peddler," was returned by the United States grand jury.

200 Blackers Held in Chicago. Chicago, Ill.—Nearly 200 young men of registrable age were picked up by the police charged with being slackers. About half of these were arrested in South Chicago, while the remainder were taken in various parts of the city.

Petrolite Crew Safe. Washington, D. C.—Fourteen members of the company of the American tanker Petrolite sunk by a German submarine have reached land. It was announced at the state department.

# INSIGNIA OF U. S. FLYING SQUADRONS

American airplanes over the European battlefield will be distinguished by a white star with a red center on a circular field of blue. Airplanes will bear the star on the wings of the machine, while it will be on the top and bottom of the gas bag of each dirigible.

# RUSS MISSION IN TROUBLE

DISSATISFACTION WITH WILSON'S MESSAGE.

Party Undertakes to Explain American Aims—No Financial Profit for Any Person.

Petrograd, Russia.—While members of the two American commissions to Russia were being formally presented to the provisional government new difficulties were arising about them in the form of expressed dissatisfaction with President Wilson's note.

The official organ of the Council of Workmen and Soldiers' Delegates criticizes the note, declaring President Wilson is mistaken if he thinks his ideas will find reception in the hearts of a revolutionary people.

David R. Francis, the American ambassador, has issued a long statement explaining the aims of the American mission headed by Elihu Root, which has arrived in Petrograd. The statement is thus summarized by the official news agency:

"The communists states that the functions of the mission are to devise, in accord with the Russian government, effective means to aid Russia in her efforts to defeat the universal enemy of democracy, Germany and the German standpoint are the greatest foes to the democratic ideas now cherished by America and Russia in common."

"Among the members of the mission," continues the communists, "is not one person who pursues any personal, financial or commercial aims or who desires to influence Russian internal affairs."

COMMISSION BEGINS INQUIRY. Meat Packing Industry to Be Investigated First; Action Was Ordered by the President.

Washington, D. C.—The federal trade commission began its investigation into the causes of advancing food prices. The inquiry will be part of the food survey to be undertaken by the department of agriculture when the administration food bills are passed and information developed will be turned over to the new food administration, to be created under the bills.

The trade commission will go first into the meat packing industry. Commissioner Davis at the head of a corps of economists and investigators will start for Chicago within a few days.

In a bill just passed by congress the trade commission is given \$250,000 for the investigation which was ordered by President Wilson some months ago.

WILSON SIGNS BIG WAR BILL. \$750,000,000 of Great Sum Will Build Ships to Carry Food to Entente Allies.

Washington, D. C.—The \$750,000,000 budget, long delayed by congressional controversy, became a law yesterday when President Wilson affixed his signature to the measure.

The appropriations total a sum far greater than the total cost of any war in which the United States has heretofore engaged.

The principal appropriations are for putting the army and navy in fighting trim.

# TO ENLIST WOMEN IN FOOD CAMPAIGN

REGISTRATION OF ALL HOUSEWIVES IN U. S. URGED BY COUNCIL.

## MUST DIVIDE WITH ALLIES

Says American Women Can Give Real Service by Saving Food Supply—Provisions Short and Many Must Suffer.

Washington, D. C.—Herbert C. Hoover on last Sunday night outlined his plans to enlist the nation's housewives as actual members of the food administration. Registration of every woman in the United States through the council of national defense and the state defense councils was proposed by Hoover. He set the period from July 1 to July 15 to accomplish the registration and appealed to the women of America to join him in the task of conserving food and eliminating waste.

"As requested by the president," says his statement, "we ask every woman in the United States engaged in the personal control of food to register for actual membership in the food administration, thus entering directly into the national service."

"We must enter a period of sacrifice for our country and for democracy. Many must go into battle, but many can only remain at home."

"The world's food supply is short, and many must suffer. We have the major burden of feeding the whole world. Food must be managed and transported in our own country and to our allies in such a way as to get the most out of it. Those who remain at home can also help and can 'fight' by helping the fighter fight and can 'serve by saving.'"

"Since food will decide the war, each American woman can do a real national service by protecting the food supply of the nation. Ninety per cent of American food consumption passes through the hands of our women."

"The proper assurance of the food to our allies will not only encourage them, but it will maintain them in war. Without a larger margin from our abundant food supply, only to be secured by individual effort and volunteer sacrifice, the war will be prolonged and thousands of lives, not only of men, but also of women and children, needlessly lost. The guiding hand of women in the home can alone control in this matter."

## U. S. VESSEL SUNK BY U-BOAT

Running Fight of Two Hours, Four Lives Lost and 350 Shots Were Fired.

Washington, D. C.—The state department announced the sinking of the American steamer Murelia at 6 o'clock in the morning of June 12, after a two-hour running fight with a German submarine.

Four lives were lost in the destruction of the tanker. Three hundred and fifty shots were exchanged. Two hundred were fired by the submarine and 150 by the tanker.

## VILLA'S FRIENDS ARE ROBBED

Detroit, Mich.—Edward Lerico and Miguel Ortiz, millionaire owners of Nogales, Mexico, who boasted about their friendship with "Pancho" Villa and "cut a wide swath" in a local hotel by passing out a \$200 tip, reported they were robbed yesterday of \$45,000 in cash.

The men were in the mineral baths when a thief entered their room, cut a hole into a traveling bag and made away with the money.

## Abolish "Prepay Orders" for Negroes.

Savannah, Ga.—To discourage the movement of negroes to the north, the Central of Georgia, Atlantic Coast Line, Southern and Georgia & Florida railroads will no longer accept "prepay order" transportation for them.

## Pershing's Nephew Enlists.

Chicago.—Frank Pershing, a nephew of Gen. John Pershing, and 69 of his schoolmates at the University of Chicago, enlisted in the regular army here.

## Wireless Phones for Navy.

Washington.—Experiments in wireless telephony have proved its practical value to such an extent that it will be used by the navy as an adjunct to wireless telegraphy.

## Flyers to France.

New York.—The board of governors of the Aero Club of America at its meeting voted to pay the expense of sending twenty Americans to the Lafayette Flying corps in France.

**ABSORBINE**
